Dear Residents, West Babylon Employees and other Interested Adults,

Our Spring Brochure is filled with many diverse courses. We hope you will find something that interests you. In an attempt to make things easier, we will utilize this page to answer some frequently asked questions. We encourage you to contact us via email with any comments or questions regarding our program. Information can also be found on our Facebook page, West Babylon Adult Education.

Thank you for your continued support and please remember that phone messages and emails will be picked up and calls returned during regular office hours only. In person registration begins Monday, February 10th, 2020 and continues every Monday –Thursday throughout the semester 6:45 pm to 8:00 pm.

Have fun and register “EARLY”. Often, last minute registrants have to be turned away as the class was not filled in time to schedule the instructor.

Sincerely,
Chris Jonasson
Stephen Dombo
Directors of Adult Education

**FREQUENTLY ASKED QUESTIONS:**

1. **What is the best way to enroll in a course?**
   Answer: The easiest way to register is by mail at least two weeks before a class is due to start. You may also come in on Monday through Thursday nights when school is in session between 6:45 and 8:00 pm. **PLEASE USE SEPARATE CHECKS FOR EACH CLASS.**

2. **Can I register by phone or email?**
   Answer: No. Registration can be done in person or by mail.

3. **How do I know, if I am enrolled?**
   Answer: If we received your check and completed registration at least two weeks before, you are enrolled. **You will only get a call if there is insufficient enrollment to run the class.** We usually hold the checks until we are sure that we have enough people so you might not have evidence of your cancelled check before the class begins. Consider yourself enrolled unless you get a cancellation call.

4. **Should I call to see if there is room in the class?**
   Answer: Generally we always have room, so send your registrations as early as possible. There is no need to call. If a class is oversubscribed, we will move it to a larger setting if possible.
