- 19. Adjournment [This should take place by 10:00 P.M.]

*Per Board Policy 1230: The Board of Education encourages participation of residents at open Board meetings. The President of the Board shall ask for brief statements from residents and set a time limit (three minutes per resident) on such statements. To allow for public participation, a period not to exceed 15 minutes shall be set aside during the first and last part of each Board meeting. The President shall be responsible for the orderly conduct of the meeting and shall rule on such matters as the time to be allowed for public discussion and the appropriateness of the subject being presented. The President shall have the right to discontinue any presentation which violates this policy. Residents wishing to speak should identify themselves, their address, any organization they may be representing at the meeting, and the topic they wish to discuss. Statements during the first part of the meeting will relate to agenda items. Statements during the second part of the meeting will relate to other district matters.

WEST BABYLON UNION FREE SCHOOL DISTRICT

REGULAR MEETING - BOARD OF EDUCATION - TUESDAY - JANUARY 12, 2016

POLICY

- A. Board Review-Public Participation at Board Meetings (Third Time Adoption) (File:1230)
- B. Board Review-Automated External Defibrillators (Third Time Adoption) (File:5425)

DRAFT

Third Time Adoption 1/12/16

File: 1230

PUBLIC PARTICIPATION AT BOARD MEETINGS

The Board of Education encourages participation of residents at open Board meetings. The President of the Board shall ask for brief statements from residents and set a time limit (three minutes per resident) on such statements. To allow for public participation, a period not to exceed 15 minutes shall be set aside during the first and last part of each Board meeting. The President shall be responsible for the orderly conduct of the meeting and shall rule on such matters as the time to be allowed for public discussion and the appropriateness of the subject being presented. The President shall have the right to discontinue any presentation which violates this policy.

Residents wishing to speak should identify themselves, their address, any organization they may be representing at the meeting, and the topic they wish to discuss. Statements during the first part of the meeting will relate to agenda items. Statements during the second part of the meeting will relate to other district matters.

The Board will not permit, in public session, discussion involving individual district personnel or students. Persons wishing to discuss matters involving individual district personnel, or students, should present their comments and/or concerns to the Superintendent or his/her designee during regular business hours.

All speakers are to conduct themselves in a civil manner. Obscene language, libelous statements, threats of violence, statements advocating racial, religious, or other forms of prejudice will not be tolerated.

Persons making presentations at a Board meeting will address remarks to the President and may direct questions or comments to Board members or other district officials only upon the approval of the President. Board members and the Superintendent or his/her designee shall have the privilege of asking questions of any person who addresses the Board.

Questions and comments from the public concerning matters which are not on the agenda will be taken under consideration and referred to the Superintendent for appropriate action, if deemed necessary by the Board of Education and/or the Superintendent. Questions may require additional research before a proper answer can be provided. If an answer is not immediately available, the Superintendent or designee will provide the information to the resident, as soon as feasible, after the meeting. Residents who do not abide by the rules set out in this policy will not be permitted to speak.

Automated External Defibrillators

File: 5425

In order to enhance the safety measures for students, staff and guests of the West Babylon Union Free School District (“the District”), the District has an Automated External Defibrillator (AED) Program in compliance with Section 917 of the Education Law. This document sets forth the practice protocols, policies, and procedures of the AED Program (“Program Policy”), and is deemed to be incorporated into the collaborative agreement between the West Babylon Union Free School District and the District’s Emergency Health Care Provider. This Policy is designed to ensure that the personnel who operate the District’s AED’s are properly trained and that all equipment related to this program is maintained in good operating condition. The Superintendent or his/her designee is to ensure that these guidelines are adhered to.

1. Training

Only those personnel who have been trained to use the AED’s in accordance with the laws of the State of New York shall be authorized to use the District’s AED’s (“Authorized Personnel”).

All Authorized Personnel must successfully complete a training course in the operation of AED’s approved by a nationally recognized organization approved by the New York State Department of Health for the purpose of training people in the use of AED s.

All Authorized Personnel must maintain on file a written copy of their certification establishing such Authorized Personnel’s successful completion of an approved AED training course. Said certification is to be maintained in the office of the Director of Health & Physical Education and in the employee’s personnel file. Only Authorized Personnel with a current (non-expired) certification may use the AED device

2. Location of the AED Units

There will be thirty-two (32) AED units located in the following areas:

<u>Location</u>	<u>Qty.</u>
One (1) in each elementary school nurse’s office	5
One (1) in each elementary school hallway	5
Seven (7) at the high school (Main lobby, PAC, Nurse’s Office, Fitness Center, Room 212, Room 309, Custodian’s Office)	7
Six (6) at the junior high school (Main office, Main Lobby, 2 nd Floor hallway, Nurse’s Office, Gym A, Gym B)	6
One (1) at the School Bus Garage	1
One (1) at the Business Office	1
One (1) at the Central Administration Office	1
Two (2) for outside athletic events at the junior high school	2
Four (4) to be stored & maintained in the office of the Director of Athletics for away athletic events	4
	32

If additional units are obtained, this policy will be amended to reflect such additions, and the location of such units.

3. Maintenance and Inspection of the AED Units

All AED units shall be kept protected in their cases, as supplied by the manufacturer, and shall be maintained in a clean, secure and dry location at all times when not in use to avoid damage to the units.

A weekly inspection will be performed with regard to battery condition, overall readiness for use and adequate supplies as outlined above. This weekly check will be documented on a log or other form as specified by the Director of Health, Physical Education (“the Director”) and kept together with the AED. A copy of this documentation will be retained as a permanent record. The Director will designate one authorized user in each building who will be responsible for performing the weekly check, or assigning another authorized user to perform the check in his/her absence.

If a problem is encountered on any of the inspections of the AED it will be reported promptly to the Director. The Manufacturer of the AED, or their representative, must service the unit as soon as possible. Arrangements must be made to obtain a replacement AED unit while the original AED unit is being serviced or repaired and it is again fully functional.

4. In the Event of an Emergency

Immediately call **911** and the local fire department 226-1212

5. After the Arrival of Medical Assistance

After emergency medical assistance has reached the location of the emergency, the Authorized Personnel who has been attending to the patient shall assist the Emergency Medical Service personnel until their services are no longer needed. Only someone of equal or higher training may relieve you.

In the event the District’s AED remains with the patient then the Authorized Personnel will ascertain which hospital the patient is being taken to and make arrangements for the return of the AED unit.

6. After the AED is Used

The data on the computer chip installed on the AED unit must be downloaded. The Authorized Personnel that used the unit must complete an AED Incident Report.

The District’s Emergency Health Care Provider must be notified promptly, within two (2) business days, and provided with all relevant data.

A copy of the completed AED Incident Report must be forwarded to Suffolk County EMS Office within five (5) days: 852-5080.

ADOPTED: 11/25/02
