## **FERPA - Family Educational Rights and Privacy Act**

This is to advise you of your rights with respect to the school records relating to (your child/children) (you) pursuant to the Federal “Family Educational Rights and Privacy Act of 1974.”

Parents of a student under 18, or a student 18 or older, have a right to inspect and review any and all official records, files and data directly related to the student, including all material that is incorporated into the student’s cumulative record folder, and intended for school use or to be available to parties outside the school or school system and specifically including, but not necessarily limited to, identifying data, academic work completed, level of achievement (grades, standardized achievement test scores), attendance data, scores on standardized intelligence, aptitude and psychological tests, interest inventory results, health data, family background information, teacher or counselor ratings and observations, and verified reports of serious or recurrent behavior patterns.

A parent of a student under 18 years of age or a student 18 years of age or older shall make a request for access to the student’s school records, in writing, to the elementary principal of the building to which such student is assigned or the guidance chairperson in the secondary school. Upon receipt of such request, arrangements shall be made to provide access to such records within a reasonable period of time, but in no case, no more than forty-five (45) days after the request has been received.

If information contained in the student’s record is believed to be inaccurate or misleading, the parent or eligible student should write to the district, clearly identifying the part of the record they want changed and specifying why it is inaccurate or misleading. If the district decides not to amend the record as requested, you will be notified of the decision and advised of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Student records and any material contained therein which is personally identifiable, are confidential and may not be released or made available to persons other than parents or students without

the written consent of such parents or student. There are a number of exceptions to this rule, such as other school employees and officials, and certain state and federal officials, who have a legitimate educational need for access to such records in the course of their employment.

The district will disclose, upon request, educational records to officials of another school district in which a student seeks or intends to enroll. In addition, the district will disclose a high school student’s name, address and telephone number to military recruiters and institutions of higher learning unless the parents or eligible student exercise their right to prohibit release of the information without prior written consent.

The law permits educators to share information with other state and local officials, specified by state statute, as part of the juvenile justice system.

You have the right to file a complaint with the U.S. Department of Education concerning alleged failures by this school district to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202

Directory information may be disclosed without prior written consent. Directory information includes a student’s name, photos, parents’ names, address, telephone number, date and place of birth, participation in school activities or sports, weight and height if a member of an athletic team, dates of attendance, degrees and awards received and most recent previous school attended. Social security numbers and student identification numbers are not considered directory information and will not be released.

Parents or eligible students will have fourteen (14) days from the beginning of the school year or date a student enrolls to advise the school district, in writing via a letter to the building principal, of any and all items they refuse to permit the district to designate as directory information for the remainder of the school year.

## **Asbestos Notification**

AHERA (Asbestos Hazard Emergency Response Act of 1986) is a federal law enacted in 1987. The law required all school districts to inspect the district's buildings for asbestos-containing materials. Our facilities were inspected in accordance with these regulations. Based upon the findings of the inspections, a management plan was adopted by the Board of Education and accepted by the New York State Education Department. A copy of the management plan, six-month surveillance reports, re-inspection reports and abatement reports are on file in the Facilities Office located at 200 Old Farmingdale Road, West Babylon, NY 11704. All plans are available for inspection at the Facilities Office.

## **Code of Conduct**

All members of the school community are expected to abide by the Code of Conduct. Complete copies of the Code of Conduct are available for review in each school building and also available on our district website, [www.wbschools.org](http://www.wbschools.org).

## **Pesticide Notification**

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty and staff regarding the potential use of pesticides periodically throughout the school year. The West Babylon School District is required to maintain a list of persons in parental relation, faculty and staff who wish to receive 48-hour prior written notification of certain pesticide applications. A notification request form can be obtained through the plant facilities office located at 200 Old Farmingdale Road, West Babylon, NY 11704 – (631) 376-7760.

## **Title IX and Section 504 Nondiscrimination Notifications**

The West Babylon School District does not discriminate against any employee, student, applicant for employment or candidate for enrollment on the basis of gender, race, color, religion or creed, age, national origin, marital status, disability or any other classification protected by the law. This policy of nondiscrimination includes: access by students to educational programs, student services, recruitment, appointment and promotion of employees, salaries, pay and other benefits. The West Babylon School District will be in full compliance with all applicable rules and regulations pertaining to civil rights for students and employees (e.g., Title IX of the Educational Amendments of 1972, Section 504 of the Americans with Disabilities Act of 1990).

Inquiries regarding the nondiscrimination policy and grievance procedures may be referred to:

For staff, contact the Executive Director for Human Resources at (631) 376-7010, 10 Farmingdale Road, West Babylon, NY 11704.
