October 12, 2021

Dear Parent/Guardians of Second Graders:

As part of our RTI program, the West Babylon School District has created an intervention/flex period for each grade level in all elementary schools. During this period no “core” instruction will take place. It will be a time for student pull-outs, support services and/or enrichment activities.

Second grade has intervention/flex from 8:55-9:45 each day.

During this time, Mrs. Jessica Zamboli, our General Intervention Teacher will be working with small groups of students, in collaboration with our 2nd grade classroom teachers, Mrs. McVicker & Mrs. Durkin. Throughout the trimester, these groupings may change flexibly as per the needs of individual students. Additionally, students may work in different groupings within these 3 classroom settings. The purpose of this instruction is to specifically target strengths and weaknesses of each student.

Please feel free to contact your child’s classroom teacher or myself if you have any questions.

Regards,

Jennifer Carere
Principal
