POLICY

A. Board Review-Interscholastic Athletics (Second Time Discussion) (File:5280)
INTERSCHOLASTIC ATHLETICS

Interscholastic athletics for boys and girls is an integral and desirable part of the district's secondary school educational program. Individual and team sports shall be based upon comprehensive physical education instruction and intramural activities, seeking broad participation from all eligible secondary students. Lifetime or carry-over sports are to be particularly encouraged and supported. Parity in the number and kind of sports activities for girls and boys is a clear objective of the district.

Student eligibility for participation on interscholastic teams shall include:

1. authorization by the school physician (physical) prior to the first tryout date for the team;
2. [written parent or guardian consent (the written consent will contain information for parents on mild traumatic brain injury (TBI) and will provide a link to the State Education Department's web page on TBI);] written parent or guardian consent (permission slip) prior to the first tryout date for the team;
3. written parent or guardian consent for receipt of information regarding mild traumatic brain injury (TBI) prior to the first tryout date for the team;
4. Information regarding policies and procedures is available electronically on the Athletics Department website. An electronic parent/guardian acknowledgement or written parent/guardian acknowledgement must be received for every student selected for a team roster on or before the last day of the tryout period for that team. This parent/guardian acknowledgement will be valid for all sport seasons in the same school year. If on the first day of tryouts an electronic parent/guardian acknowledgement has not been received, the coach of that team will provide the student with a paper copy of the policies and procedures with a parent/guardian acknowledgement form. The signed parent/guardian acknowledgement form must be returned to the coach on or before the last day of tryouts for that team. If it is not returned, the student will not be eligible for inclusion on the team roster.
5. endorsement by the Building Principal based on established rules and various league and State Education Department regulations.

Although the district will take reasonable care to protect student athletes, students may still sustain injuries. In order to most effectively ensure student safety, open communication between students, parents and coaches about the child's medical condition is critical. Coaches, and other appropriate staff, will receive guidance and training regarding recognition of injury and removal of the student athlete from play in the event of injury. Parents and/or students are expected to report injuries so that student health can be protected.

In the case of a suspected or actual head injury, a student must be removed from play immediately. In order to resume participation following injury, including head injury, the student needs to receive medical clearance. The Superintendent, in consultation with appropriate district staff, including the school physician, will develop regulations and procedures to guide the process of return to play.

In recognition of the importance of appropriately managing head injuries, the Board authorizes the creation of a Concussion Management Team (CMT). The CMT will be comprised of: the athletic director, a school nurse, the school physician, a coach of an interscholastic team, an athletic trainer and other appropriate personnel designated by the Superintendent. The CMT is charged with overseeing compliance with state training requirements, developing guidelines for use by coaches and physical education teachers and developing information for distribution to parents and students.
Athletic Selection/Classification

The Selection/Classification Program is a process for screening students to determine their readiness to compete in interscholastic athletic competition by evaluating their physical maturity, fitness and skill. The intent of this program is to permit students in grades 8 through 12 to safely participate at an appropriate level of competition (either Junior Varsity or Varsity) based upon readiness rather than age and grade. Students do not mature at the same rate and there can be a tremendous range of developmental differences between students of the same age. This program has been designed to assess a student's physical maturation, physical fitness and skill, so the student may be placed at a level of competition which should result in increased opportunity, a fairer competitive environment, reduced injury and greater personal satisfaction.

The Selection/Classification Program was designed for mature and exceptionally skilled students to advance to an upper level. It is aimed at the few select students who can benefit from such placement because of their level of readiness. It will also be more fair to the other students on the modified teams.

Normally a student is eligible for senior high athletic competition in a sport during each of four consecutive seasons commencing with the youngster's entry into the ninth grade. However, by satisfying the requirements of the Selection/Classification Program a student may receive extended eligibility to permit participation during five consecutive seasons in the approved sport after entry into the eighth grade.

Athletics are a part of the regular school program and the Director of Health, Physical Education and Athletics will be responsible for implementing the district's Selection/Classification Process.

Selection Classification Athletics Implementation Guidelines

A. In compliance with Board of Education policy, a student will be considered for the Selection/Classification Process when a request is made by the student, parent, coach, or a physical education teacher. No recommendation shall be made without first receiving the consent of the athlete's parent.

B. The evaluation process, will consist of the following steps which must be completed in sequence:

a. A written request will be submitted to the Director of Health, Physical Education and Athletics between: April 15th and June 15th for a Fall Sport, July 15th and September 15th for a Winter Sport, November 1st and January 1st for a Spring Sport using the district form.

b. A meeting with the Director of Health, Physical Education and Athletics will take place within a week of the filing deadlines above with a parent or guardian and the student to explain the process or phases and attain permission (Attachment C, NYSPHSAA) to begin Phase Two (Determining Potential) as described in the New York State Public High Schools Athletic Association's (NYSPHSAA) Handbook. Junior High School students may not leave a team mid-season to be classified for a high school team.

c. A review committee consisting of: the Director of Health, Physical Education and Athletics, the Senior and Junior High School Principals (or Assistant Principals), Guidance Counselor, Psychologist, Social Worker and PE teacher (who had the student for at least one semester and is not the coach of the sport) will meet within two weeks after permission is attained to decide if the student possesses appropriate level of physical fitness, sport specific skills, social and emotional
maturity and that his/her academic performance is up to potential. The committee’s
decision shall be final.
d. If the committee denies the request, the parent or guardian (and requestor if
different) will be notified by the Director of Health, Physical Education and
Athletics. If the committee approves the request then the Director will proceed to
administer Phase Three and Four (Screening) as outlined in the NYSPHSAA
Handbook to the standards of the varsity level for the specified sport.
i. Parent Permission (Attachment C, NYSPHSAA), previously attained
ii. Permission from the School Physician - Health and Developmental Rating
within two weeks of committee’s approval. The confidentiality of
the child shall be protected and arrangements regarding the exam will be as
inconspicuous and discrete as possible. (Attachments D (male) or E
(female), NYSPHSAA)
iii. Sport Skill Evaluation by the Coach (Attachment G, NYSPHSAA) within
one week of physician’s approval
iv. Performance Testing (Attachment F, NYSPHSAA) within one week of
coach’s evaluation. The Athletic Performance Test will be administered by
the Athletic Director or his designee who is not a coach in the specific
program for which the student is being evaluated.
v. Phase Five (Try out Period) When ever possible all the coaches in the
specific sport program will evaluate the candidate during the allowable
maximum tryout period (NYSPHSAA p. 137) to verify that the student
exhibits exceptional skills. Respective students will be placed at the level
of competition appropriate to their physiological maturity, physical fitness
and skills in relationship to other pupils. The Director of Physical
Education/Athletics will approve the candidate if all of the steps have been
successfully completed and if there is consensus among the evaluating
coaches that the student is exceptional. If there is not consensus, or if the
Director believes that the intent of the program is being misconstrued, the
Director will meet with the coaches involved, after which the Director will
make a decision regarding the candidate’s participation. This decision is
final.
vi. Phase Six (Notification) Email or fax to opposing schools, and Section XI,
Attachment H, (NYSPHSAA) and inform the parents of outcome and any
limitations for their child.
vii. Phase Seven (Records) The Director of Health, Physical Education and
Athletics will take the appropriate steps to keep a permanent file for each
student who qualifies in the Director’s office. This file will include
attachments B, C, D or E, F, G, H (NYSPHSAA) and a copy of the letter
sent to the parent or guardian.
