   (File:2160) (File:2160-E.1) (File:2160-E.2)

B. Board Review - Student Attendance (Annual Review) (File:5100)
School Board Officer & Employee Code of Ethics

The Board of Education is committed to avoiding any situation in which the existence of conflicting interests of any Board member, officer or employee may call into question the integrity of the management or operation of the school district. Adherence to a code of ethics promotes public confidence in the schools and furthers the attainment of district goals.

The Board also recognizes its obligation to adopt a code of ethics setting forth the standards of conduct required of all Board members, district officers and employees under the provisions of the General Municipal Law. Therefore, every Board member, officer and employee of the district, whether paid or unpaid, shall adhere to the following code of conduct.

Statutory Conflicts of Interest

It is a conflict of interest for a Board member, officer or employee to benefit personally from contracts made in their official capacity.

- “Contract” is defined broadly to include any claim or demand against the district or account or agreement with the district, whether expressed or implied which exceeds the sum of $750.00 in any fiscal year.
- An “interest” is defined as a direct or indirect benefit that runs to the employee as a result of a contract with the district.

No Board member, officer or employee shall have an “interest” (i.e. receive a direct or indirect benefit as the result of a contract with the district) in:

1. a firm, partnership or association in which he/she is a member or employee;
2. a corporation in which he/she is an officer, director or employee;
3. a corporation in which he/she, directly or indirectly, owns or controls 5% or more of the stock;
4. a contract between the district and his/her spouse, minor child or dependents, except for an employment contract between the school district, a spouse, minor child or dependent of a Board member authorized by §800(3) of the General Municipal Law or §3016 of the Education Law.

Disclosure Requirements

All Board members, officers and employees must publicly disclose the nature and extent of any non-exempted interest they or their spouse have, will have or later acquire in any actual or proposed contract, purchase agreement, lease agreement or other agreement involving the school district (including oral agreements), even if it is not a prohibited interest under applicable law as soon as he/she has knowledge of such prospective interest. Such disclosure must be in writing to his/her supervisor (if an employee) and the Board of Education and made part of the official record of the school district. Disclosure is not required in the case of an interest that is exempted under section 802 of the General Municipal Law (see 2160-E.1); however, Board members, officers and employees are encouraged to voluntarily make such disclosure.

Other Prohibited Activities

1. Gifts: A Board member, officer or employee shall not directly or indirectly solicit any gift or accept or receive any gift having a value of $75.00 or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him/her in the performance of his/her official duties or was intended as a reward for any official action on his/her part.
2. Confidential Information: A Board member, officer or employee shall not disclose confidential information acquired by him/her in the course of his/her official duties or use such information to further his/her personal interest either directly or indirectly.
3. Representation before the Board or District: A Board member, officer or employee shall not receive or enter into any agreement, expressed or implied, for compensation for services to be rendered in relation to any matter before the school district.
4. **Investments in conflict with official duties:** A Board member, officer or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his/her official duties. Exceptions to the conflict of interest law can be found in Section 802 of the General Municipal Law (see 2160-E.1).

5. **Private Employment:** A Board member, officer or employee shall not engage in, solicit, negotiate for or promise to accept private employment when that employment or service creates a conflict with or impairs the proper discharge of his/her official duties.

6. **Future Employment:** A Board member, officer or employee shall not, after the termination of service or employment with the district, appear before the Board in relation to any action, proceeding, or application in which he/she personally participated during the period of his/her service or employment or that was under his/her active consideration.

**Distribution of Code of Ethics**

The Superintendent of Schools shall cause a copy of this Code of Ethics to be distributed to every member of the Board, every officer and employee of the school district. Each Board member, officer and employee elected or appointed thereafter shall be furnished a copy before entering upon the duties of his or her office or employment. In addition, the Superintendent shall ensure that a copy of Article 18 of the General Municipal Law shall be kept posted in each public building under the jurisdiction in a place conspicuous to the district’s Board members, officers and employees.

**Penalties**

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board’s code of ethics may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.

A contract with a person, firm, corporation or association in which a municipal officer or employee has an interest prohibited solely by reason of employment as an officer or employee of such other entity, if their compensation will not be directly affected as a result of the contract with the municipality or school district and duties do not directly involve the procurement, preparation or performance of any part of the contract. STUDENT ATTENDANCE

The Board of Education emphasizes raising standards for all students. The Board recognizes that regular school attendance is a major component of academic success. In recent years, the district has made progress in improving student attendance. Through implementation of this policy, the Board expects to minimize the number of unexcused absences, tardiness, and early departures (referred to in the policy as ATEDs), encourage full attendance by all students, maintain an adequate attendance record-keeping system, identify patterns of student absence and develop effective intervention strategies to improve school attendance.

Notice

To be successful in this endeavor, it is imperative that all members of the school community are aware of this policy, its purpose, procedures and the consequences of non-compliance. To ensure that students, parents, teachers and administrators are notified of and understand this policy, the following procedures shall be implemented.

Parents will receive a plain language summary of this policy at the start of the school year. Parents will be asked to sign and return a statement indicating that they have read and understand the policy.

When a student cuts class or is absent without excuse, designated staff members will notify the student’s parent(s) or guardian(s) and review the attendance procedures with them.

At the back-to-school event, held at the beginning of each school year, to emphasize that every day of attendance counts, parents will be provided an explanation of this policy, stressing the parent’s role and responsibility for ensuring their children’s attendance.

The district will provide a copy of the attendance policy and any amendments thereto to faculty and staff. New staff will receive a copy upon their employment.

Individual student attendance is available through the password protected parent portal.

All faculty and staff will meet at the beginning of each school year to review the attendance policy to clarify individual roles in its implementation.

Copies of this policy will also be made available to any community member, upon request.

The district will share this policy with local Child Protective Services (CPS) to ensure a common understanding of excused and unexcused absence, tardy, early dismissal (ATEDs) and to work toward identifying and addressing cases of educational neglect.

Excused and Unexcused Absences

Excused absences are defined as absences due to personal illness, illness or death in the family, impassable roads or weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, school-sponsored events, or such other reasons as may be approved.

All other absences (e.g., class cuts, undocumented absences and tardiness, unapproved early departures) are considered unexcused absences.

All absences must be accounted for. It is the parent’s responsibility to notify the school (Elementary: Nurse’s Office; Secondary: Attendance Office) on the morning of the absence or tardiness and to provide a written excuse upon the student’s return to school. Extended periods of illness will require medical documentation.

General Procedures/Data Collection

Attendance will be taken at the start of each school day. The time and reason for late arrivals or early departures shall be recorded.

Attendance will be taken during each class period at the Junior High School and Senior High School and for each subject area at the elementary schools. At the conclusion of each class period or school day, all attendance information shall be compiled and provided to the appropriate individual(s) responsible for attendance. The nature of an absence (full day, class cut, early departure, late arrival) shall be coded on a
student’s record. Student absence/class cut data shall be available on the following school day and should be reviewed by appropriate school personnel.

A permanent record shall be recorded electronically in an attendance database. It will include: the student’s name, date of birth, full name(s) of parent(s) or person(s) in parental relation, address where student resides, telephone number(s) for contacts, date of the student’s enrollment, record of the student’s attendance on each day of scheduled instruction, date the student withdraws or is dropped from enrollment (if applicable), and record of school absences.

Where additional information is received during a conference that requires corrections to be made to a student’s attendance records, such correction will be made immediately. Notice of such a change will be sent to appropriate school personnel.

Attendance data will be analyzed periodically by the Building Principal to identify patterns or trends in student absences. If patterns emerge, district resources will be targeted to understand and eliminate barriers to attendance.

Continuous monitoring will be conducted to identify students who are absent, tardy, leave class early or are cutting class. A student will be considered chronically absent if they miss ten percent or more of the school year. Satisfactory attendance is missing five percent or less of school over the course of the year. If a pattern of ATEDs for an individual student is identified, a designated staff person(s) will follow-up in accordance with this policy.

**Attendance Incentives**

The district will design and implement systems to acknowledge a student’s efforts to maintain or improve school attendance. For example:

1. Individual recognition of students with perfect attendance on a monthly basis.
2. Monthly recognition of classes/homerooms with the best attendance at each school.
3. Certificates for students maintaining a full year of exemplary attendance.

**Disciplinary Consequences**

The following disciplinary consequences will be applied for all secondary students:

At the seventh class cut or unexcused absence, a conference with the student’s guidance counselor will be scheduled for the student and parent/guardian. The student and parent will be counseled regarding the attendance policy and the implications of poor attendance.

At the fourteenth class cut or unexcused absence, a conference with the principal or assistant principal will be scheduled for the student and parent/guardian. The student and parent/guardian will be advised that the student will lose course credit if one additional class cut or unexcused absence occurs (this meeting will be held at the seventh class cut or unexcused absence if it occurs in a one-half year class).

The following procedure will be applied for elementary students:

Parents of elementary students will be notified by telephone and/or letter of each unexcused absence. At the fifth, tenth, and fifteenth unexcused absence (and at each increment of ten unexcused absence beyond fifteen), a principal’s conference will be scheduled with the parents. At this conference, the parents will be advised of the consequences of excessive absence and methods of improving attendance will be discussed. The principal will request the intervention of the district attendance official at the fifteenth absence (excused or unexcused, in any combination).

In addition, the designated staff member will contact local Child Protective Services (CPS) if they suspect that the child is being educationally neglected. The designated staff member will provide CPS with the information necessary to initiate a report. If other staff members suspect education neglect, they must follow the procedures outlined in Board policy and regulation 5460, Child Abuse in a Domestic Setting, and advise the attendance officer.
Attendance/Grade Policy

The Board of Education recognizes an important relationship between class attendance and student performance. Therefore, each marking period, a student’s final grade will be based on classroom participation as well as student’s performance on homework, tests, papers, projects, etc.

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, any absence from class which is not made up shall result in the loss of points from the student’s class participation grade for the marking period. Any student who misses a class is expected upon his or her return to consult with his/her teachers regarding missed work. If the absence is excused, the student may earn his or her classroom participation grade by arranging with the teacher to cover the work missed and completing the assignment within the time frame designated by the teacher.

Only those students with excused absences will be given the opportunity to make up a test and/or turn in a late assignment for inclusion in the calculation of the performance portion of their final grade. Make-up opportunities must be completed by a date specified by the student’s teacher for the class in question.

At the junior high school and high school level, any student with more than 8 (eight) unexcused absences in a one-half year course or 15 (fifteen) unexcused absences for a full year course will be denied credit for that course.

Any elementary or junior high student who exceeds 30 (thirty) absences (in any combination of excused or unexcused absences) must be reviewed by the school’s principal to determine if promotion is appropriate. Any high school student who exceeds 30 (thirty) absences (in any combination of excused or unexcused absences) in a course, must be reviewed by the school’s principal to determine if course credit is appropriate.

Annual Review

The Board shall annually review building-level student attendance records and, if such records show a decline in student attendance, the Board shall revise this comprehensive attendance policy and make any revisions to the plan it deems necessary to improve student attendance.
