2. PUBLIC SESSION-1:35 PM
Procedural: A. Statement of the Board and/or Superintendent
Dr. Farrelly said this abbreviated Board meeting is being recorded and will be placed on our website. She started off by stating we miss seeing everyone in person. We miss our students, staff, faculty. We all crave some sort of normalcy. Things are different for all of us - both on the work and family level. She said she is confident that as a work and family team we will get through these unprecedented times. She thanked the Board for coming together for this abbreviated meeting to approve a few consent agenda items.

3. REPORT OF THE SUPERINTENDENT AND/OR EDUCATIONAL PRESENTATION
Information: A. Statement-Update: Dr. Yiendhy Farrelly, Superintendent of Schools
Dr. Farrelly provided the following updates:

Our Breakfast/Lunch distribution program - is going well. Dr. Farrelly extended a huge thank you to Mrs. Frabizio, Mrs. Psarakis, Terry Lennon and all others who have assisted with this program. We have a great system in place. Families drive over, names are cross-referenced in the system and we practice social distancing throughout the distribution. Regarding the rumor that, if the district is closed for an extended period of time, we would not have sufficient food for the families; please know, this is not the case. If we are closed for the remainder of the school year, we will be able to continue to provide breakfast and lunch for our families.

Child Care Update - Dr. Farrelly was able to enter into a partnership with the Babylon School District and SCOPE for our emergency care/first responders to have access to child care for students ages 5 and older. Information can be found on our website www.wbschools.org. As a county, we developed a childcare partnership utilizing Suffolk county sites, for the childcare of infants to 4-year-olds, for our emergency care/first responder families. Again, if you need childcare, please visit our website for contact information.

Curricular and Instructional Plans - The two-week instructional plans that were developed by our teachers were posted online and mailed to families. Unfortunately, due to this health crisis, our closure has been extended by the Governor. As a result, our teachers, administrators and Mr. Payne are working on developing Google classrooms. Google works on any device that families/students currently have. Families who do not have a computer at home will be borrowing district computers with pickup dates of tomorrow and Wednesday - according to a schedule that was sent out. This information can be found on our website as well. Social distancing will be practiced throughout this pickup. If you or your child have a question regarding the paper curricular packets or curriculum posted via Google classroom, please reach out to your child’s teacher, principal or Mr. Payne - if it can’t be addressed at the building level.

Grades 3-8 State Assessments have been suspended by the State Education Department.

A decision regarding regents exams has not been determined yet by SED.

Mental Health Resources - Our student services staff has begun to reach out to our students. We want to stay connected. Our Director of Guidance and Director of Student Services emailed out a list of mental health resources. Please utilize those resources if needed. This information has also been posted on our website.
Budget Vote/Trustee Election - I included a draft budget presentation for the Board to begin to review. We were going to present this presentation during the April BOE meeting. However, earlier today we were informed that the budget vote/trustee election will now be occurring in June. Once we have a handle on all the new timelines/requirements, we will share this information via email and on our website. We will adhere to all new budget vote/trustee elections procedures/timelines - once we receive this information.

Common Questions:
1. Where do I find the information you’ve sent out to us? I can’t find an old email you sent?
   1. All letters/emails have been posted on our website.
2. What is happening with Regents Exams?
   1. The State Education Department will determine what occurs with regents exams.
3. When do you anticipate we will return?
   1. I do not know. Due to the health crisis, we will reopen/continue to close based on the Governor’s Executive Orders.
4. How will the teachers determine the 3rd and 4th quarter grades?
   1. Districts throughout are waiting to receive direction on regents exams, grades and other similar school district topics from the State Education Department.
5. How come we cannot access school playgrounds?
   1. Our playgrounds are closed. County playgrounds are also closed. The reason for this is because the County and School Districts cannot have someone onsite at all playgrounds all the time to clean a surface immediately after it is cleaned. In an effort to promote social distancing and do all we can to keep children safe and away from commonly used public surfaces, school playgrounds are closed.
6. I have questions relating to the curricular packets or Google classroom, who should I contact?
   1. Please contact your child’s teacher or principal via email.

Dr. Farrelly closed by asking all to please continue to check your email and the district website for updates. Please practice social distancing, wash your hands often and adhere to all health-related directives. Please continue to send your building principals pictures of your children...we love seeing their smile and would love to continue to post positive messages on Twitter, Facebook, and our website. Be well...Stay positive. I look forward to seeing you all in person soon!
