Yes: Chris Paolillo, John Evola, Roseann Geiger, Cathy Gismervik, Chirsten Johnson Tymann, Patti Neville, Anthony Raccomandato

**Procedural: B. Statement of the Board and/or Deputy Superintendent**

Mr. Hanley thanked the community for joining. He began his report by mentioning that Dr. Farrelly was not present as she is currently on bereavement. On behalf of the West Babylon Community, Mr. Hanley offered condolences, support and prayers to Dr. Farrelly and her family during this difficult time. He continued by recognizing School Librarians as this week was School Librarians Recognition Week. The district's school librarians play a central role in fostering a love for reading, learning, and critical thinking among our students. They often connect adults and students with resources, cultivate digital literacy, and create welcoming spaces for exploration and discovery. Mr. Hanley highlighted that the librarians held a K-5 AI Presentation at the JHS. A secondary AI Presentation is scheduled on Monday, April 28th from 5:00 p.m. - 6:30 p.m. - This presentation is virtual.

**3. REPORT OF THE DEPUTY SUPERINTENDENT AND/OR EDUCATIONAL PRESENTATION**

**Information: A. 2025-2026 Budget Timeline Information: Mr. Shawn Hanley, Deputy Superintendent for Human Resources**

Mr. Hanley shared the following information regarding the school district budget vote:

**2025-2026 BOCES Budget Vote and BOCES Board Trustees Election:**

April 22, 2025 -- 7:00 PM -- Administration Building

**2025-2026 West Babylon School District Budget:**

**Budget Hearing:**

May 13, 2025-- 6:00 PM -- Administration Building

**District Budget Vote and Trustees Election:**

May 20, 2025 -- 6:00 AM to 9:00 PM -- Administration Building & Santapogue School

Mr. Hanley shared with the community the following statement in relation to the district's YouTube account:

"Approximately 2 weeks ago, we lost all of our archived videos listed via the district YouTube account. Our IT department has been communicating with YouTube to recover these videos. As of this evening, many of our videos have been recovered, however, the more recent videos (previous 2 years) are still not visible. Moving forward we have initiated a plan to back up videos internally in order to maintain access to all of our videos. This is a great resource for our District, Community and students. We remain hopeful that all videos will be recovered in the near future.

In a subsequent development, Mr. Hanley provided the following update on the K-5 Elementary Consolidation Plan/ Timeline:

- i. Elementary attendance zones were modified slightly from the original consultation model with the following results:
  - Decreased the number of student building transitions.
  - Improved overall building student enrollment on the K-5 Elementary level. Consultant's projections = K-5 avg. class size 21.5 students. Our current model projections = K-5 avg. class size 21.0 students. This information is based on 3/31/25 student K-5 data.
  - This week, Individual family/student letters will be mailed by Dr. Farrelly's office. Mailings expected to occur on 4/11/25.
    - a. Please note: Student Services/ELL students may not attend their home school of designation due to program specific locations
  - Good news! As a result of the redistribution of attendance zones and slightly lower incoming K enrollment. This will allow additional intervention services and enrichment programs in the remaining 4 elementary schools with no change in the budget and/or room availability. As you know these programs were removed as a result of last year's budget deficit.

Board President Mr. Paolillo inquired about the number of Kindergarten students registering for the 2025-2026 school year. Mr. Hanley indicated current BOCES projections were at 216 and we currently have 209 K students registering. His questions were addressed satisfactorily.

Mr. Paolillo addressed the YouTube incident and remarked the following:

"It's come up on PTA meetings and a lot of direct messages. I consider it to be a catastrophic loss, I don't take it lightly, I don't think anybody does. I know it's not just me, I know there's a narrative and conspiracy theories about this. It wasn't just meetings, it was graduations, performances, athletics. The hope right now is that we can recover as much as possible. What I would say is the who's, what's and why did this happen - we will worry about it at a later point. But we will of course inquire about that. We just have to worry about the recovery. I don't want it to be taken lightly or considered an "oopsie" of some type. It's going to be taken very seriously, it's something we need to preserve, it's the people's archive. Personally, I know others use the links on there to share information when they have missed things or when they didn't know when things took place. We will hope for the best and be stronger for it going forward."

**Presentation: B. Presentation - "Safety Patrol", Mrs. Tiffany Casali - Reading Teacher & Mrs. Jennifer Carere, Santapogue Elementary Principal**

Mrs. Carere provided a brief overview of the presentation's background and the duration of the program's implementation at Santapogue Elementary.. Ms. Casali, Santapogue Elementary teacher was also present during the presentation. Students were also made part of the presentation. Full presentation is available on our school website [www.wbschools.org](http://www.wbschools.org) under the Board of Education tab.

**Presentation: C. 2025-2026 Budget Review & Adoption: Ms. Victoria Galante, Interim Assistant Superintendent for Finance & Operations.**

Ms. Galante shared with the Board and the community an overview of the following:

- 2025-2026 Appropriation Budget
- Tax Levy
- Contingency Budget
- Budget Hearing Information
- Budget Vote Information (Times/ Location)

The budget presentation is available on our school website [www.wbschools.org](http://www.wbschools.org) under the Finance & Operations tab. Ms. Galante communicated to the community that individuals with any inquiries are welcome to contact her directly through email.

Mr. Hanley reminded the Board that as part of the presentation and as mentioned on previous board meetings/ presentations, there is a motion as part of the consented agenda to authorize and adopt the 2.06% tax levy and budget of \$136,150,150 for the 2025-2026 school year.

**4. STATEMENT OF RESIDENTS - AGENDA ITEMS ONLY**

**Procedural: A. Statement of Residents re: agenda items [15 minutes-limited to 3 minutes per speaker]**

A local resident voiced his apprehension regarding the disappearance of the district's previous YouTube videos. He raised concerns regarding the allocation of funds for acquiring smart boards for teachers in the district, particularly in light of the closure of Forest Avenue, suggesting that this decision is at the expense of the students. Furthermore, he stated that he is a candidate for the board in the forthcoming elections.

Board President Mr. Paolillo acknowledged the community member's candidacy for the board with praise. He further noted that all financial records from the past decade are available on our school website in the Finance and Operations section. Additionally, he encouraged the individual to contact the finance and operations department if he has any inquiries. He agreed with the resident that the situation regarding the district's YouTube video archive is troubling. Additionally, he noted that the minutes can also be accessed on our school website.

A fellow resident and Senior High School student urged the Board to reevaluate the decision to reinstate the Academic Center for the upcoming year.

A different member of the community posed inquiries about the budget presentation, particularly regarding the prioritization of funds for field trips over previously eliminated items. Additionally, this resident noted that the term "Gifted and Talented," as referenced in the budget vote, appears to be overly broad and lacks detailed information about the specific group of students it intends to serve.

Mr. Paolillo spoke to the resident about the funding for field trips, noting that with the closure of the school for the Forest Avenue students, he views these items as beneficial in mitigating the impact of that transition. He highlighted that he has received numerous emails from parents of elementary students requesting the reinstatement of field trips for their children.

Additionally, Mr. Hanley pointed out that at the outset of the meeting, he noted that due to the allocation of attendance zones and a slight decrease in the number of incoming kindergarten students, the programs that were previously cut from last year's budget—specifically the enrichment and intervention programs—will be reinstated, as indicated in the budget presentation.

A different resident expressed her apprehensions regarding the distribution of funds for field trips, particularly at the elementary level. She also highlighted her worries about the revenue generated by Forest Avenue for the district, noting that the figures shared with the community during various presentations have fluctuated considerably.

Another resident expressed her concerns regarding the unequal cuts in funding for the program component as presented in the budget, noting that the reductions in the administrative component appeared to be less severe. In general, she is apprehensive about the distribution of funds across the district and wishes to have the chance to examine the budget in detail, line by line.

A member of the community raised questions regarding the CVA cases, specifically asking whether there are any outstanding cases within the district, as she noted the absence of any references to funding allocations for unresolved cases dating back to the 1970s. Additionally, the resident sought information about the employment status of elementary teachers should the budget fail to pass, necessitating the implementation of a contingency budget.

Finally, she inquired about the potential class sizes for students should the budget not pass and a contingency budget be implemented.

Mr. Paolillo replied that if a contingency budget is adopted, the district is permitted to increase class sizes to the extent allowed by contractual obligations.

## **14. OLD BUSINESS**

### **UPK Update - Mr. Shawn Hanley, Deputy Superintendent for Human Resources and Mr. Scott Payne, Assistant Superintendent for Finance & Operations**

Mr. Hanley provided the Board and the community with the following update:

"As a result of the redistribution of attendance zones, slightly lower incoming K enrollment, and maintaining the 4 allocated rooms (art/music/intervention rooms) in the consulting model the room availability numbers provide an opportunity to house internal UPK classes."

- Early projections up to 5-6 internal with 1 at external
  - Current interested families/UPK students = 110 - We are expecting another 10-15 students.
  - Potentially up to 5 West Babylon UPK programs next school year.
  - Potentially 1 UPK by an outside provider.

Mr. Payne, Assistant Superintendent for Curriculum & Instruction addressed the audience, indicating that the UPK lottery will conclude this week, and there remains an opportunity for registration. Currently, the district has 110 students enrolled, which would result in one fewer section than this year, suggesting that there may be a reduction in the number of UPK sections next year compared to the current year.

Mr. Paolillo posed a question to the district attorney, Mr. Venator, regarding CVA cases and the likelihood of any new cases emerging. Mr. Venator replied that, at present, the deadline for filing new cases has passed; however, the district must remain open to the possibility that the New York State legislature might choose to reopen this window in the future. He confirmed that there are still two pending CVA cases within the district, with Mr. Paolillo noting that these cases date back to the 1970s.

## **15. NEW BUSINESS**

## **16. RESIDENTS STATEMENTS**

### **Procedural: A. Statements of Residents**

A parent discussed the gifted and talented program, detailing the testing process for student eligibility. She noted that this assessment has not been administered in over ten years and has historically excluded students in English as a New Language (ENL) and Special Education programs. This exclusion contributed to the shift towards an enrichment program in various districts. Furthermore, she referenced the program Linewize, which states on its website that collaboration between school districts and parents is essential for evaluating student Chromebooks. The parent proposed that the district establish a clear policy regarding the evaluation of these devices, ensuring that parents are informed when any issues arise.

Mr. Paolillo inquired with Mr. Hanley about the possibility of an overview presentation for the Gifted and Talented program following its implementation. Mr. Hanley responded by noting that the historical structure of the Gifted and Talented program in West Babylon has differed from what has previously been communicated. He assured that once the program is fully implemented and organized, a presentation detailing its specifics will be provided to the community.
